NEEDLE FELT WALL COVERING MAINTENANCE GUIDE

Cleaning and Care

Our wall coverings are very durable products. They will last for years, if cared for correctly. In addition to proper care, the Smart Silver™ antimicrobial nano finish prevents deterioration of the material by stopping the growth of mold and mildew.

Recommended Tools

- Steam cleaner
- Cloth or non-abrasive sponge
- Carpet cleaner such as: Resolve, Woolite, etc. Gel or spray form only. DO NOT USE DRY POWDER.

Cleaning

1. Vacuum as needed
2. Address stains as they occur. Wash with commercial carpet cleaner for spot cleaning.
3. Professional steam clean as needed.
4. DO NOT DRY CLEAN.
5. Bleach cleanable.

Installation

- Adhesive-Non-toxic, multi purpose, commercial glue. (We suggest using "Roberts")
- Can be used with or without padding (if deciding on padding, we recommend a thin open weave pad)
- No padding-use a single layer of glue/Padding use a double layer of glue
- Designed to take up to 350F of heat and can be used in a very warm climate and over heating systems

Installation Recommendations

- Clear adhesive- Nontoxic, multi-purpose, commercial glue (Roman adhesive 12401, 12404, 12405, 12414, great for fabric wall coverings)
- To be applied over new, bare drywall or over primer
